

2023 NACD SW & Pacific Region
Annual Meeting
August 23-25, 2023
South Lake Tahoe

SPONSORSHIP FORM

The Nevada Association of Conservation Districts is taking the lead in working with the National Association of Conservation Districts (NACD) Southwest and Pacific Region to present the Annual Regional meeting August 23-25, 2023, at South Lake Tahoe. The Nevada Association of Conservation Districts (NvACD) is the nonprofit organization (501(c)(3)) that represents Nevada's 28 conservation districts. Conservation districts are local units of government established under state law (NRS 548) to plan for and carry out renewable natural resource management programs at the local level. Districts work with hundreds of cooperating landowners, land management agencies, and other stakeholders to help them manage and conserve land and water resources on private and public lands in Nevada. NvACD was founded on the philosophy that conservation decisions should be made at the local level with technical and funding assistance from federal, state, and local governments and the private sector. As the Nevada voice for all conservation districts, NvACD supports locally based, voluntary, incentive-driven natural resource conservation programs that benefit all citizens in Nevada. NvACD maintains relationships with organizations and government agencies; publishes information about districts; works with leaders in agriculture, conservation, environment, education, industry, and other fields; and provides services to Conservation districts.

We invite you to join us to further and enhance this important work!
